## About ICL, Inc.

Situated in the scenic Willamette Valley with a majestic Mount Hood presence, Immunology Consultants Laboratory was established by Gerrie A. Leslie Ph.D. in Lake Oswego, Oregon. ICL established itself as a consulting firm over 30 years ago, its primary function was assisting a major company

locate immunological reagents along with helping them write product profiles.

ICL, which is currently located in Newberg, Oregon, has evolved into a company specializing in the production and marketing of immunological reagents and immunoassays on a wholesale and retail basis.
